

## **Willowood Propiconazole, LLC (Co. No. 87284)**

### **Summary of Waiver Requests for the Propiconazole**

### **Registration Review Data Call-In (GDCI-122101-1705)**

<b>Guideline</b>	<b>Guideline Title</b>	<b>Waiver Justification</b>
875.1700	Product Use Information	These data are required for antimicrobial use sites only. Willowood's technical propiconazole is not labeled for formulation into antimicrobial use sites. Therefore, Willowood seeks a waiver for the submission of these data.
875.2700	Product Use Information	These data are required for antimicrobial use sites only. Willowood's technical propiconazole is not labeled for formulation into antimicrobial use sites. Therefore, Willowood seeks a waiver for the submission of these data.
875.2100	Foliar Dislodgeable Residue Dissipation	The requirement for the submission of these data was waived in a memorandum dated April 26, 2017 (DP Barcode D439690).
835.1110	Activated Sludge Sorption Isotherm	These data are required for antimicrobial use sites only. Willowood's technical propiconazole is not labeled for formulation into antimicrobial use sites. Therefore, Willowood seeks a waiver for the submission of these data.
835.3110	Ready Biodegradability	These data are required for antimicrobial use sites only. Willowood's technical propiconazole is not labeled for formulation into antimicrobial use sites. Therefore, Willowood seeks a waiver for the submission of these data.
835.3220	Porous Pot Test	These data are required for antimicrobial use sites only. Willowood's technical propiconazole is not labeled for formulation into antimicrobial use sites. Therefore, Willowood seeks a waiver for the submission of these data.
835.3240	Simulation Test-Aerobic Sewage Treatment-Activated Sludge	These data are required for antimicrobial use sites only. Willowood's technical propiconazole is not labeled for formulation into antimicrobial use sites. Therefore, Willowood seeks a waiver for the submission of these data.
835.3280	Simulation Tests to Assess the Biodegradability of Chemicals	These data are required for antimicrobial use sites only. Willowood's technical propiconazole is not labeled for formulation into antimicrobial use sites. Therefore, Willowood seeks a waiver for the submission of these data.

<b>Guideline</b>	<b>Guideline Title</b>	<b>Waiver Justification</b>
835.3300	Modified Activated Sludge, Respiration Inhibition Test	These data are required for antimicrobial use sites only. Willowood's technical propiconazole is not labeled for formulation into antimicrobial use sites. Therefore, Willowood seeks a waiver for the submission of these data.
SS850.1000	Chronic Freshwater Sediment Testing	These data are required for antimicrobial use sites only. Willowood's technical propiconazole is not labeled for formulation into antimicrobial use sites. Therefore, Willowood seeks a waiver for the submission of these data.
SS850.1000	Chronic Estuarine/Marine Sediment Testing	These data are required for antimicrobial use sites only. Willowood's technical propiconazole is not labeled for formulation into antimicrobial use sites. Therefore, Willowood seeks a waiver for the submission of these data.
